1. The amendment filed on May 9, 2008 has been entered. Accordingly:
 - Claim 1 has been amended; and Claims 11, 15 and 17-21 have been canceled.

Reasons for Allowance

2. Claims 1-10, 12-14 and 16 are allowed.

The prior art of record, US Patent No.: 5,819,454 (Rosenitsch), does not show or suggest the applicant's invention as claimed. Specifically, the prior art of record does not disclose a visual display assembly combining:

- A lens arranged between the array of cells and cover, and aligned for diffusion of light between adjacent cells as recited in the amended independent claim 1.

The above-indicated combination- including positioning of a lens with respect to the cover and the adjacent cell, allowing the lens to diffuse light between adjacent cells, appears unique.

Rosenitsch discloses a visual display assembly comprising a visual display cover with an array of pixels aligned with an array of contiguous, tubular, reflective cells. Each of the reflective cells having an opening covered with a lens cover. However, the lens covering each opening is optically isolated from the adjacent cells and their respective openings. Therefore, the lens cover of each cell does not diffuse light between the adjacent cells.

Thus, Rosenitsch does not meet the limitations of each of the amended independent claim 1. Therefore, the amended independent claim 1 is allowed over prior art.

Claims 2-10, 12-14 and 16 are necessarily allowed because of their dependency on the allowed amended independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
